PROFESSIONAL SUMMARY

Electrical & Electronics Engineering graduate with UAE project experience and a strong business-development mindset. Experienced in coordinating with clients, suppliers, subcontractors, technicians, and project stakeholders while solving technical and operational problems. Independently building two business ventures: RidOut Pest Control Services, including its website and marketing activities, and SupplySouq, a marketplace project developed from initial idea through MVP. Combines technical product understanding, commercial thinking, AI-assisted workflows, communication, and project execution for B2B sales, technical sales, business development, and solution-focused roles.

CORE SALES & BUSINESS DEVELOPMENT SKILLS

B2B Business Development • Technical Sales • Solution Selling • Client & Stakeholder Coordination • Lead Generation • Customer Relationship Management • Product/Service Presentation • Prospect Research • Supplier & Vendor Coordination • Requirement Analysis • Proposal Support • Negotiation & Communication • Account Follow-up • Market & Competitor Research • Project Coordination

AI & DIGITAL BUSINESS SKILLS

Generative AI • Prompt Engineering • AI-Assisted Prospect & Market Research • AI Sales Communication • AI Content & Proposal Support • AI-Assisted SEO • AI Workflow Automation • AI Business Analysis • AI-Assisted MVP/Product Development

ENTREPRENEURIAL EXPERIENCE & PROJECTS

Business Development & Digital Marketing | RidOut Pest Control Services | UAE | Ongoing

- Built the business website from concept through implementation and continue to support digital marketing and business-development activities.
- Researched competitors, services, customer needs, and local market positioning to develop customer-focused messaging.
- Developed service pages, marketing content, promotional concepts, and customer communication materials.
- Use AI-assisted research and content workflows to improve marketing productivity and develop digital assets.
- Work on online visibility, lead-generation opportunities, customer acquisition, and conversion-focused website content.

Founder / Product & Business Development | SupplySouq | UAE | Ongoing

- Created the marketplace concept from an identified business opportunity and defined its target customers, value proposition, and operating model.
- Own the project from business idea and market research through product planning, MVP development, and implementation.
- Translate customer and market problems into product requirements, workflows, and marketplace features.
- Use AI-assisted tools for product development, research, analysis, content, and problem solving.
- Developing practical experience across business strategy, product management, technology, customer needs, and commercial opportunity evaluation.

PROFESSIONAL EXPERIENCE

Electrical Site Engineer | Facade Lighting Services LLC | Dubai, UAE | Feb 2025 – Present

- **High-Rise Turnaround (Corniche Kalothi — G+6P+40):** Took over a delayed high-rise project plagued by documentation gaps and material shortages; coordinated suppliers, subcontractors, and technicians to resolve installation bottlenecks and complete wiring 10% ahead of schedule while maintaining DEWA compliance.

- **Accelerated Project Delivery & Cost Control (Ayat Gate):** Directed a newly assembled installation crew to deliver the Ayat Gate façade lighting project in 2 weeks (25% ahead of standard schedules), securing the completion certificate while cutting overall material costs by 18% through strict resource oversight.
- **Rapid Execution (Imperial Palace, Deira):** Spearheaded the Imperial Palace installation, accelerating delivery timelines by 25% to achieve final inspection sign-off and job completion certification in exactly 18 days.
- **Multi-Account Coordination:** Concurrently manage operational requirements and client delivery across approximately 7 façade lighting projects throughout the UAE, balancing schedules and technical specifications simultaneously.
- **Stakeholder Management & Commercial Delivery:** Direct continuous client communication to resolve site challenges, communicate technical specifications clearly, and ensure alignment between field execution and contractual agreements.
- **Commercial Estimation & Quantity Surveying:** Conduct comprehensive quantity surveying for both new and existing sites, preparing detailed material estimates and cost reports to support corporate procurement and commercial planning.

EDUCATION

B. Tech — Electrical & Electronics Engineering | *B.S. Abdur Rahman Crescent Institute, Chennai, India* | 2020 – 2024

LEADERSHIP & COLLEGE ACHIEVEMENTS

- Supported the planning and execution of Technical Symposium & Cygnus (Non-Tech Fest), coordinating activities and participants.
- Organized and coordinated multiple college events, including technical paper presentations, workshops, and cultural activities.
- General Secretary — Society of Electrical & Electronics Engineers, B.S. Abdur Rahman Crescent Institute | Jul 2023 – May 2024

CERTIFICATIONS & COURSES

- **Marketing Mix Fundamentals** — IE Business School | Jun 2025
- **Business Development & B2B Sales for Startups** — Sales Valley / Udemy | May 2024
- **Marketing Management 1** — SWAYAM MHRD | NPTEL
- **Principles of Management** — Johns Hopkins University | Jun 2025
- **Firm Level Economics: Markets and Allocations** — University of Illinois Urbana-Champaign | Jun 2025
- **Assets in Accounting** — Intuit | Jun 2025
