Sharjah, UAE | +971 502364014 | mohamedsabi07@gmail.com

| LinkedIn: [linkedin.com/in/mohamedsabi07-9298002](https://www.linkedin.com/in/mohamedsabi07-9298002)

PROFESSIONAL SUMMARY

Business-oriented Electrical & Electronics Engineering graduate with hands-on UAE experience in project execution, stakeholder coordination, supplier management, and customer-focused problem solving. Practical experience building and marketing businesses independently, including developing the RidOut Pest Control Services website and its digital marketing activities, and taking Supply Souq from idea generation through MVP development. Strong interest in AI-powered marketing, business development, digital growth, market research, content strategy, and customer acquisition. Comfortable combining technical understanding with commercial thinking to identify problems, develop solutions, and communicate value.

CORE MARKETING & BUSINESS DEVELOPMENT SKILLS

Business Development • B2B Sales • Lead Generation • Customer Relationship Management • Market Research • Competitor Analysis • Digital Marketing • SEO Content Strategy • Content Creation • Customer Communication • Product/Service Positioning • Business Strategy • Project Coordination • Presentation & Proposal Development

AI & DIGITAL SKILLS

Generative AI • Prompt Engineering • AI-Assisted Marketing • AI Market & Competitor Research • AI Content Strategy • AI-Assisted SEO • AI Workflow Automation • AI-Assisted Business Analysis • AI-Powered Visual & Video Content • AI-Assisted Product Development

ENTREPRENEURIAL & BUSINESS PROJECTS

Digital Marketing & Business Development | *RidOut Pest Control Services* | UAE | Ongoing

- Developed the business website from concept through implementation and continue to manage its digital presence and marketing activities.
- Developed service-focused website content and SEO-oriented pages to improve online visibility and target customers in Dubai, Sharjah, and Ajman.
- Conducted competitor and market research to identify positioning opportunities, service messaging, and customer needs.
- Created marketing assets, social media concepts, promotional content, customer messaging, and visual/video concepts.
- Use generative AI to accelerate content creation, marketing ideation, research, visual development, and business workflows.
- Work on improving online visibility, customer acquisition opportunities, and conversion-focused website content.

Founder / Product & Business Development | *Supply Souq* | UAE | Ongoing

- Generated the marketplace business idea and developed the concept around a practical UAE material-supply problem.
- Defined the value proposition, target users, marketplace model, product requirements, and MVP scope.
- Taking the project independently from idea generation through product planning, UI/UX, database structure, business logic, and MVP development.
- Conducting market and competitor research to refine the product concept and identify opportunities.
- Using AI-assisted development, research, problem solving, and content workflows throughout the product-building process.
- Managing the project end-to-end, combining business strategy, product thinking, technology, and execution.

PROFESSIONAL EXPERIENCE

Electrical Site Engineer | *Facade Lighting Services LLC* | Dubai, UAE | Feb 2025 – Present

- Took over a G+6P+40 high-rise façade lighting project experiencing major delays caused by documentation gaps, subcontractor issues, and material shortages.
- Coordinated with suppliers, subcontractors, technicians, and project stakeholders to resolve execution and material issues and keep requirements aligned.
- Streamlined material procurement coordination and helped eliminate delivery bottlenecks.
- Proactively identified site challenges and coordinated practical solutions to improve project workflow.

- Supported project execution, installation, testing, and handover-related activities while maintaining compliance with DEWA standards.
- Maintain continuous communication with clients to understand their requirements and expectations, incorporate feedback, and improve work quality and project delivery.
- Currently handling and coordinating approximately 7 façade lighting projects across the UAE, managing multiple project requirements and priorities simultaneously.
- Developed practical UAE experience in stakeholder communication, supplier relationships, service delivery, project coordination, and problem solving.
